

Endodontic course in **La Chaux-de-Fonds** on contemporary materials and techniques - **June 16th and 17th 2022**

- ◆ Contemporary NiTi instrumentation technique and use of bioceramic material in Endodontic treatment - Program:
 - ◆ Thursday 16th - Welcome reception and theoretical lecture 15.00-19.00
 - ◆ Friday 17th - Hands-on course and lunch (3,5 hours) - Group 1 - 8.30-12.00 and Group 2 - 13.00-16.30. Lunch for Groups 1 and 2: 12.00-13.00

Topics:

- ◆ Each participant will get access to a online lectures series prior to the on-site course in Oslo.
- ◆ The topics to be discussed during the course:
 - ◆ First steps in endodontic treatment - Minimal invasive access cavity, scouting techniques and how to create a predictable glidepath.
 - ◆ Endodontic instrumentation with the latest NiTi systems: R-Motion, RaCe EVO and XP endo.
 - ◆ Use of bioceramic sealer and obturation technique: Totalfill BC sealer.
 - ◆ Each participant will be trained under individual microscopes and devices.
 - ◆ A certificate of participation with 7 hours will be granted.

Dr. Gilberto Debelian, DMD, PhD Oslo, Norway

Dr. Gilberto Debelian has received his DMD degree from the University of São Paulo, Brasil in 1987. He has completed his specialization in Endodontics at the University of Pennsylvania, USA in 1991 and received the Louis I. Grossman student award in Endodontics. He has taught as a clinical instructor and associate professor at the endodontic program at University of Oslo (UIO), Norway from 1991 to 2010. He served as an adjunct visiting professor at the post-graduate program in endodontics, University of North Carolina in Chapel Hill from 2006 to 2015. He has concluded his PhD studies at UIO in 1997, which gave him two scientific awards from the European Society of Endodontology (ESE) and from the Norwegian Dental Association both in 1997. He holds a position as adjunct visiting professor at the post-graduate program in endodontics at University of Pennsylvania. Dr. Debelian maintains a private practice limited to endodontics and is the director of the advanced endodontic microscopy center – ENDO INN (www.endoinn.com) in Oslo, Norway. Dr. Debelian has authored 7 book chapters in Endodontics, one book in Endodontics and written more than 80 scientific and clinical papers

◆ **Fee, contact and registration:**

◆ Fee - 750 Euros that includes:

- ◆ 8 hours online series of lectures - 2 months access
- ◆ Reception, lunch and coffee breaks
- ◆ All materials and instruments

◆ **Registration:**

- ◆ Swiss endo academy at: contact@swissendoacademy.com
- ◆ FTC at: nathalie@ftcdental.ch
- ◆ Endo Inn at: info@endoinn.com
